

This is Scotty's entry in the Fun Fly event of ODDROC/UNSCALE. It wound up being slightly to scale, since it was based on a "Far Side" cartoon published earlier this year. Yes...it flies...eak!

*YES! IT'S THE PARA "TWO-BITZ"!*

TWO THINGS YOU WILL NEED TO COMPLETE THIS MODEL.. FIRST IS A 1 3/4" PIECE OF 1/2" X 1/2" BALSA STOCK FOR THE NOSE CONE. SECOND, CUT A 3/4" SECTION FROM A SPENT MINI MOTOR, AND INSERT IT INTO THE COMPLETED MODEL. THIS WILL ACT AS A STAND OFF FOR THE MOTOR.
