ATTENTION ESTES ROCKETEERS EDUCATOR REQUEST

Would you like to do your teacher a favor (and do a good turn for yourself at the same time)? Send us your science teacher's name and address, and we'll send him a free Estes catalog and a teacher's guide. This guide explains ways in which model rocketry can make the science class more fun. It shows your teacher how to provide exciting "space missions" in which you and your friends learn how the big rockets operate while you are building and launching your own model rockets. Simply include your teacher's name and school address, and your own name and address on the coupon below. Mail it today! Thanks!

Please send my teacher a free Estes model rocketry catalog and teacher's guide.
