" ROCKET DEVELOPMENT CORPORATION "

AVI Astroport has acquired the remaining stock of RDC rocket kits, parts and accessories. Here is a collectors pack for the real rocketry buff. The material here dates from the mid and late 1960's and when its is sold out there isn't any more. The items are not available individually but as a unit. The parts for the kits are bulk packed along with a set of instruction sheets for the listed kits.

- 1 Ballistic Manual for the Model Rocketeer
copyright 1966.... 40 pages , 5" x 8" size.
- 1 each of the following kits , bulk packed:
V-MAX, INTERCEPTOR, RAWHIDE, CARDINAL,
MOON-GLO, VEGA TWO STAGE, DRAGONFLY BG
' SEVEN KITS TOTAL BULK PACKED '
- 1 RDC model rocket motor (not for use)
Our choice A,B or C type.
- 1 REPRINT OF LAST RDC CATALOG - SUMMER 1969
*This is a SPECIAL REPRINT edition of only 300 copies,
reproduced at 70% the original size on 12 pages 8 x 11
format. Information on model building, the RDC line of
kits, parts and accessories, recovery devices, the formation
of rocket clubs, RDC Standard Engines and the original
ENERJET - 8 that was later sold to CENTURI ENGINEERING.*
