

Starship NOVA

SKILL LEVEL 3 - Recommended for Craftsman Rocketeers.

RECOMMENDED ENGINES:
B4-2 B6-2 C5-3 C6-3

BEFORE YOU START

Read each step and study the accompanying drawings before doing any of the work called for in that step. Always test-fit parts together before applying glue. It will sometimes be necessary to sand edges of rings, tubes, etc. to obtain a proper fit. If you are in doubt about the relative size or location of some parts, refer back to this exploded view drawing for clarification. Adequate glue joints are very important for a flying model rocket. Follow the instructions carefully in this regard.

TOOLS AND MATERIALS

In addition to the materials in this kit, you will need: A sharp modeling knife, ruler, pencil, small brush, balsa sanding sealer and thinner, scissors, fine-grit sandpaper, flat black spray paint (Pactra "Scale Black" is recommended), Testor's "DullCote" (optional) and white glue. White glue is a household cement marketed under such names as "Elmer's Glue-All", "Wilhold White Glue", etc. A yellow-colored resin glue, "Franklin Titebond" may also be used. Other types of cement are NOT recommended.

KIT NO. 1371

PARTS LIST

A	1	Balsa Die-Cut Sheet (type BF-1371)	32377
B	1	1/8" Dia. Dowel - 6" long	85906
C	1	1/8" Dia. Dowel - 4-1/2" long	85903
D	1	Engine Mount Tube (type BT-20J) 2-3/4" long	30326
E	1	Engine Hook (type EH-2)	35025
F	1	Retaining Ring (type HR-20)	30168
G	1	Centering Ring (type AR-2050)	30164
H	1	Split Centering Ring (type AR-2050S)	80425
I	1	Pattern Sheet (type SP-1371A)	83366
J	1	Main Body Tube (type BT-50KE) 15" long	30364
K	1	Short Body Tube (type BT-50F) 5" long	30377

L	1	"D" Engine Casing (type EC-6) (NOT SHOWN)	35012
M	1	Die-Cut Card (type RA-1371)	32464
N	1	Body Tube (type BT-60J) 2-3/4" long	30412
O	1	Printed Card (type SP-1371B)	83371
P	1	Launch Lug (type LL-2C)	38180
Q	1	Shock Cord (type SC-1)	85730
R	1	Nose Cone (type PNC-50F)	71030
S	1	Parachute (type PK-18A)	85566
T	1	Shroud Line (type SLT-108)	38239
U	1	Tape Disc Set (type TD-3F)	38406
V	1	Decal Sheet (type KD-1371)	37598
