ESTES

IT'S FREE . . . a 96 page color catalog full of information about model rocketry and a complete listing of over 30 exciting rocket kits to build and fly, with flights up to 2500 ft. Your catalog will be sent through the courtesy of the friend who sent you this card. To get your catalog write to:

**ESTES INDUSTRIES, Box 227
Dept. 681-C, Penrose, Colorado 81240**

With the space age a new hobby was born — model rocketry . . . The true scale model, shown being readied for launch, is the Estes Industries Uprated Saturn I. Estes Industries pioneered this new space-age hobby, and is now the world's largest producer of model rocket supplies. From a new 72,000 sq. ft. production and research facility in Penrose, Colorado, space minded young Americans receive up-to-the-minute research information and an exciting selection of models to build and fly.
